

## All But 2 of Carolina Survivors Accounted for; Germany Plans to Establish U-Boat Blockade

### SAY SHE WAS SUNK BY A SUBMARINE

Those Rescued From Steamer Are  
Landed at Atlantic City, New  
York and Other Points

ONE LIFE BOAT IS SHELLED

City of Columbus Reported Sunk  
Arrives Safely—American Tank-  
er Crippled But Safe

SHELLED BY A SUBMARINE

New York Will be Dark Tonight to  
Prevent Airplane Raids or  
Bombardments

(By United Press.)

New York, June 4.—The Savannah  
liner City of Columbus reported  
sunk by a submarine off the Atlan-  
tic coast arrived safely at Vineyard  
Haven, Mass., today. Its passen-  
gers and crew are safe.

Survivors of the steamer Carolina  
were landing today. A British  
steamer which picked up 19 of the  
survivors of the vessel at sea ar-  
rived here this morning. There were  
16 men, two women and one member  
of the crew. The Carolina carried  
220 passengers and a crew of 120.  
The Edna T. Douglass arrived off  
Barnegat with about 250 survivors  
of the Carolina this afternoon.

Forty survivors were landed at  
Atlantic City. This accounts for all  
the Carolina passengers but two.

They reported that the liner was  
sunk by a German submarine.

Another life boat, empty, from  
the Carolina was found floating near  
where the vessel was sunk. Exami-  
nation of it revealed that it had  
been struck by shell fire, indicating  
that the submarine had blown up  
the life boat.

The liner Grecian arrived at an  
Atlantic port carrying survivors of  
the schooner Jacob Haskell.

An American tank steamer put in  
at another Atlantic port battered  
and crippled by submarine fire. She  
was towed by navy tugs.

An order was issued today that  
New York will be dark tonight for  
fear of airplane raids or bombard-  
ments.

The submarine's latest victim was  
the Herbert L. Pratt, struck by a  
mine or torpedoed off the Delaware  
Cape at 2:30 yesterday.

There is a report that the crew of  
the U-boat was captured and  
brought to New York.

The navy announced that no of-  
ficial statement would be made con-  
cerning the sinking of the subma-  
rines.

Three big liners due at Atlantic  
ports today were late in arriving  
and a watch is being kept for them.  
Naval planes from New York are  
keeping a close watch for the sur-  
vivors.

The coast is being patrolled with  
life boats for people reported drift-  
ing near New Jersey.

#### Ten Vessels Destroyed

New York, June 4.—The long ex-  
pected visit of German armed sub-  
marines to American waters has re-  
sulted in the destruction of at least  
ten vessels flying the Stars and  
Stripes, according to reports from  
various ports along the north At-  
lantic seaboard. The attacks were

Continued on Page 2.

### Firing Indicates Vessels Are Engaging Submarines

(By United Press.)

Lewis, Delaware, June 4.—Firing con-  
tinued all morning off Cape Henlopen in  
what is believed to be a battle between the  
U-boat that sank the tanker Herbert L.  
Pratt and United States naval vessels, it  
was stated officially at noon. Earlier re-  
ports today from Delaware breakwater  
stated that a fight seven miles off shore be-  
gan at six o'clock last night—several hours  
after the crafts had been sunk—and con-  
tinued until daybreak.

Rescued passengers of the Carolina are  
in conference with government officials  
who steadfastly refuse to permit anyone to  
see the survivors.

### U-Boat Mate Says This Is First of a Blockade Fleet

New York, June 4.—Germany has established  
a permanent submarine blockade on the American  
coast and within a short time a fleet of U-boats  
capable of operating against every important At-  
lantic port will be here, according to the mate of  
the submarine U-151.

The mate made this statement to Enoch Rock-  
er of the schooner Edna after the Edna was  
destroyed. Rocker and others of the crew were  
imprisoned in the submarine more than a week.

Men for the submarine blockade of the United  
States coast are being drafted from among sailors  
formerly in the merchant marine and familiar  
with American ports.

The present German blockading fleet left Kiel  
seven weeks ago getting a tremendous send-off.

The submarines now on patrol carry 6 months  
supplies, but expect to stay here one year by taking  
supplies and fuel from ships they sink.

The voyage was made by the way of the West  
Indies, near where the Cyclops mysteriously dis-  
appeared, and up to the coast near Cape Hat-  
teras. U-boats in this patrol are 325 feet long and  
carry five-inch guns, the largest made. The sub-  
marines off the coast at present are only an ad-  
vance guard, the mate stated.

### MARION DETRICK IS NAMED COUNTY AGENT

Selected by County Board of Educa-  
tion and Will Have Office in  
Court House

IS EMPLOYED FOR ONE YEAR

The recommendation made by the  
Purdue agricultural department for  
the appointment of Marion Detrick  
as Rush county's agricultural agent  
was approved yesterday at the  
meeting of the county board of edu-  
cation and the former emergency  
agent was appointed to serve for a  
year beginning June 16.

Mr. Detrick, who is a graduate of  
the agricultural department of Ohio  
State university, has been employed  
by Purdue for some time and under  
their direction became emergency  
agent for Rush and Hancock coun-  
ties last July. His work among far-  
mers here has been most successful  
and his up-to-date methods of farm-  
ing showed their efficiency during

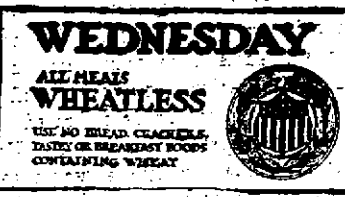

### Effort Seen To Blockade Ports of the United States.

Washington, June 4.—The  
navy department today an-  
nounced that a mine had been  
picked up on the Delaware  
coast by a mine sweeper.

The announcement indicated  
that the German submarine  
playing off America's shore are  
putting into effect the threat  
made by one of their officers  
that Germany would utilize  
every effort to blockade this  
country's ports.

the harvest of 1917.

The newly appointed agent will  
take up his office in the room oc-  
cupied by the registration board as  
soon as their work is completed.  
For the present his desk will be  
located in the sheriff's office.

### SALES ESTIMATED CLOSE TO \$30,000

Rush County Has Only Two Days in  
Which to Reach W. S. S.  
Quota of \$50,000

REPORTS COMING IN SLOWLY

S. O. S. Calls Sent Out in Form of  
Letters to Township Chairmen  
Appealing For Help

\*\*\*\*\*  
W. S. S. SALES FOR MAY  
\*\*\*\*\*

The reports by township of sales  
during the month, including the first  
four days of the campaign are as  
follows:

Arlington	\$ 1,481.50
Carthage	4,002.75
Glenwood	533.50
Homer	756.50
Manilla	3,174.75
Milroy	2,372.25
Mays	150.00
New Salem	342.75
Rushville	14,617.75

Total \$27,431.75

With only two days remaining in  
which to complete the county's War  
Savings Stamp quota of \$50,000, the  
canvassing teams and executive  
committee in charge of the drive en-  
tered into the work this morning  
with unusual energy and vigor, de-  
termined to put the county over in  
the undertaking.

The reports of the teams are  
coming in slowly; in fact some of  
the committees have not submitted  
a report since the campaign opened  
but as near as can be estimated it  
is believed the subscription is well  
beyond the thirty thousand dollar  
mark.

Letters in the form of S. O. S.  
calls were sent out yesterday by T.  
M. Green to all of the township  
chairmen appealing to them to speed  
up their workers during the last two  
days and if necessary to recon-  
struct their township organization.

The report of the campaign re-  
sults from the opening day of the  
drive until Friday evening indicated

Continued on Page 2.

### MUST REGISTER FOR ARMY SERVICE

All Young Men Becoming 21 Years  
of Age Since June 5 Last Are  
Affected by New Law

CLERK'S OFFICE THE PLACE

Registrants Will be Classified and  
Placed at Bottom of Several  
Classes

Every young man in Rush county  
who has become twenty-one years  
of age since June 5, 1917 will be  
required to register for army service  
in the clerk's office in the court  
house tomorrow between the hours  
of 7 a. m. and 9 p. m.

The county army selection board  
consisting of George B. Moore, Jr.,  
clerk of the circuit court, Voorhees  
Cavitt and Dr. W. S. Coleman, will  
be in charge of the registration.  
They will be assisted by Otto Moore,  
deputy clerk, Miss Nora Sleeth, as-  
sistant to the board and Charles A.  
Frazee and Miles S. Cox, volunteer  
helpers. The acceptance of the as-  
sistance of the two volunteers has  
been approved by the adjutant gen-  
eral of Indiana, as provided for in  
the regulations covering the regis-  
tration.

Young men coming under the pro-  
visions of the law who happen to be  
away on registration day may re-  
gister before the board having juris-  
diction where they are. The board  
will certify the registration and it  
should be mailed to the home board,  
together with a self addressed en-  
velope, with which the registration  
card may be returned. Men who are  
sick and unable to appear before the  
board may send a competent person.

Failure to register is a misde-  
meanor punishable by imprisonment  
for one year and it may result in  
the loss of valuable rights and pri-  
vileges and immediate induction  
into the military service.

The men registered tomorrow will  
be classified by the questionnaire  
system as before. Each registrant  
will have an opportunity to file a  
claim for deferred classification if

### AMERICANS STRIKE THE FIRST BLOW

Fighting With French, Hurl Back  
German Force Reaching the  
Southern Bank of Marne

TAKE HUNDRED PRISONERS

Destroy Bridge and Stop Enemy Ad-  
vance Before Neuilly Wood  
With Counter Attack

HELD BETWEEN OISE AND AISNE

Huns Repulsed There and Great  
Violence Marks Battle Between  
Aisne and Ourcq

(By United Press.)

Washington, June 4.—Forty names  
were included in today's casualty  
list.

Paris, June 4.—American troops  
have struck their first blow in the  
new battle of the Marne. Fighting  
with the French, they hurled back a  
German force which reached the  
southern bank of the river—the first  
time the Marne has been crossed by  
the enemy since early in the war.

The Germans crossed the river  
south of Jaulgonne, midway between  
Chateau-Thierry and Dormans.

The Franco-American force took  
a hundred prisoners. After the en-  
emy was hurled back, the French  
and Americans destroyed the bridge  
and stopped the German advance  
before Neuilly wood, hurling the  
Huns back by a magnificent attack.

The Huns were held without pro-  
gress between the Oise and the  
Aisne.

Between the Aisne and the Ourcq,  
the battle was going on with vio-  
lence.

With the force of the new German  
blow apparently nearly spent, the  
offensive is turning into a series of  
battles for important positions. Be-  
fore the forest of Villers-Cotterets  
and between the Ourcq and the Mar-  
ne, the Germans are making violent  
efforts to drive the French from ad-  
vantageous hill positions. Villages  
on the eastern edge of the forest  
have been retaken by the bitterly  
contesting forces, but the Germans,  
despite fresh troops, are gaining  
only slightly.

The situation north of the Aisne  
is similar. There, the French have  
recaptured Mt. Choisy, which has  
been recaptured for the fifth time.  
German attacks elsewhere, between  
the Aisne and the Oise, on the line  
between Noyon and Soissons, have  
been repulsed. West of Soissons  
the enemy has been held, although  
Berlin, in its latest report, claims  
progress here and to the south.

Heavy attacks by the Germans  
between the Ourcq and the Marne  
to take the hills around Cocherel  
broke down with heavy losses. Along  
the Marne, the activity has been  
slight while from the Marne to  
Rheims, the allied troops maintain  
their position. Rheims is reported  
almost three-fourths surrounded by  
the Germans who are within a mile  
of the city on the north, northwest,  
west and southwest and east.

The drive of the Germans south  
from their previous line lasted just  
eight days. On the British front, the  
fighting still is confined to raids.  
British airmen continue bombing op-  
erations.

### 200 Pounds of Flour Are Seized In Rushville Home

Hoarder Permitted to Take it to  
Dealer and Get Money Back—  
Not to be Lenient Next Time

OTHER VIOLATORS IN CITY

Two hundred pounds of flour  
which was being hoarded by a  
Rushville man contrary to the rules  
and regulations of the food admin-  
istration, were seized by M. F. Loy-  
ett of Carthage, county food admin-  
istrator, yesterday evening.

The food authorities did not make  
public the name of the man who had  
violated the food laws, but they  
promised not to be so lenient next  
time when publicity will be given all  
similar offenses.

The food authorities are well  
aware of the fact that there are sev-  
eral Rushville people with more than  
the legal amount of flour in their  
homes. To avoid any distasteful  
publicity, they are advised to take  
the flour back to the dealer and get  
their money. This is the safest  
policy, the food authorities say, be-  
cause if this is not done within a  
few days, action similar to that of

yesterday evening will be taken.

The flour was not confiscated yester-  
day evening, but the man who  
was hoarding it was permitted to  
return it to the dealer and get the  
price which he paid for it. People  
living in Rushville are not allowed  
to have more than five pounds of  
flour in their possession at one time,  
and the limit for people living in the  
country is twelve pounds.

The hoarder was compelled to dis-  
gorge yesterday evening because of  
a remark he made that he had all  
the flour he wanted and that he was  
not going to use any substitutes. The  
man who heard him make the re-  
mark made an affidavit to that effect  
and presented it to Dr. Frank M.  
Sparks, deputy food administrator  
for Rushville, and when it was  
shown to the hoarder yesterday eve-  
ning, he was very meek and did as  
he was told.

In the future, the food authorities  
say, they will not act themselves,  
but will turn the matter over to the  
United States authorities. In that  
event United States deputy marshal  
would be sent here and the flour con-  
fiscated.

### This New Reo Light Four Is a Handsome Motor Car

AT THE NEW YORK SHOW, in January, the Reo exhibit was, to an even greater extent than ordinarily, the mecca of the crowds.

YOU'D THINK, PERHAPS, that at the National automobile show, and especially in the world's greatest metropolis, where dealers and buyers go to see what is latest in construction and design, that the ponderous multi-cylinder machines would attract the most attention.

ON THE CONTRARY, there was vastly more interest shown in the types of cars designed to supply that great American need for a practical, economical, five-passenger touring car or three-passenger roadster.

THIS YEAR, more than ever before, buyers are paying less attention to fads and more to practical things. More to cost of upkeep than to first cost.

AND THIS REO—this new Light Four—stood out above all the rest.

IT IS SUCCESSOR to the greatest four-cylinder automobile ever built—that wonderfully efficient, wonderfully sturdy Reo the Fifth, that for eight years maintained its supremacy.

THIS IS A REFINEMENT of that great car.

ALL FUNDAMENTALS have been retained and every detail has been refined to the last degree. In a word, this latest Reo represents all that has gone before and just that much more of Reo experience.

THIS IS A REAL CAR—a full five-passenger Light Four. Not a skimpy—not a little four.

IT DOES SEAT FIVE full grown adults—you don't have to use a shoe horn to get them in.

BODY DESIGN IS BEAUTIFUL—it is up to the minute in every line and curve and in every detail of upholstery and finish and appointments.

HERE ARE COMBINED roominess with economy of operation; beauty in appearance with sterling mechanical quality;

AND LOW UPKEEP—that quality for which Reos have always been famous.

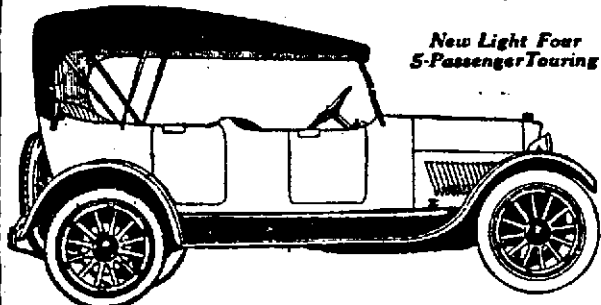

OUTPUT IS LIMITED—must be this year, for the Reo factory is also doing its part to assist Uncle Sam.

SO YOU'LL HAVE TO HURRY. Make your decision—see us and place your order well in advance of the time you will want delivery else you will surely be disappointed.

TODAY—won't be a minute too soon.

## JOSEPH MABRA IS DEAD AT HOME HERE

Colored Man Who For Many Years Was a Porter, Expires of Brights Disease

Joseph Mabra, colored, died last night at midnight at his home in East Eighth street, after an illness of several months of Brights disease.

The deceased who was 62 years of age had been a familiar sight in the downtown district of the city for a number of years and was employed for several years as porter at the Peoples National bank, up until a few months ago. Although he had been in poor health for some time, his condition did not become serious until two weeks ago.

Surviving the deceased are his widow, Emma Mabra, one son, Walter of Indianapolis and five daughters: Myrtle of Kokomo, Nora, Louise, Bernice and Pauline of this city. A brother, John Mabra of this city and one sister, Mrs. Elizabeth Fletcher of Connersville, also survive.

The funeral services will be conducted Thursday afternoon at two o'clock at the Second Baptist church with burial in the East Hill cemetery. Rev. Mr. Martin will have charge of the services.

## ROAD CONTRACT AWARDED

Most of the time of the board of county commissioners was devoted yesterday to allowing primary election claims. Late in the afternoon the board awarded the contract for the Nathan Arbuckle road in Walker township to Moor and Crise of Lets Corner for \$22,700 and advertised for bids for the Will Morris and Z. T. Small bridges. The commissioners will meet again Thursday.

## RUMOR BRINGS OUT CROWD

A persistent rumor that old Company B, which has been in training at Camp Shelby, Miss., would pass through here on a troop train about noon today was responsible for a large crowd of people lining up along the track with the expectation of seeing their friends and relatives in the organization. No one seems to know where the story originated. The Big Four has no orders regarding a troop train.

## SAYS SHE WAS SUNK BY A GERMAN SUBMARINE

Continued From Page 1  
made by two super-submersibles it is believed. Most of the vessels were bombed and sent to the bottom last Sunday, although it is known that two ships were destroyed before May 26. No loss of life has been reported.

### Not a Bite of Breakfast Until You Drink Water

Says a glass of hot water and phosphate prevents illness and keeps us fit.

Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink taken day after day leaves in the alimentary canal a certain amount of indigestible material which if not completely eliminated from the system each day, becomes food for the millions of bacteria which infest the bowels. From this mass of left-over waste, toxins and ptomaine-like poisons are formed and sucked into the blood.

Men and women who can't get feeling right must begin to take inside baths. Before eating breakfast each morning drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash out of the thirty feet of bowels the previous day's accumulation of poisons and toxins and to keep the entire alimentary canal clean, pure and fresh.

Those who are subject to sick headache, colds, biliousness, constipation, others who wake up with bad taste, foul breath, backache, rheumatic stiffness, or have a sour, gassy stomach after meals, are urged to get a quarter pound of limestone phosphate from the drug store, and begin practicing internal sanitation. This will cost very little, but is sufficient to make anyone an enthusiast on the subject.

Remember inside bathing is more important than outside bathing, because the skin pores do not absorb impurities into the blood, causing poor health, while the bowel pores do. Just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels.

## SALES ESTIMATED TO BE CLOSE TO \$30,000

Continued From Page 1  
that the sales had amounted to \$21,570.33. The report from the Saturday and Monday's work, however, was not continued in the township reports.

Although the monthly report for May is exceedingly large, due to the drive, the report for monthly subscriptions for the month ending May 31 showed the sale of \$27,431.75 in War Savings and Thrift stamps. Deducting the amount collected by the canvassers of \$21,570.33 during the week of the drive in May, only \$5,861.42 remains as the month's sale of stamps. When compared with last month's sale of \$11,528.50, which was the largest monthly sale reported, the decrease is most noticeable.

The brilliant work of the war savings stamp committee in Fayette county which has reported a complete subscription of the year's quota has been called to the notice of state officials. The year's quota of the county amounts to \$31,701 and Fayette has the distinction of being the first county in the state to get the year's quota in stamps.

The current issue of the Indiana W. S. Bulletin credits Rush county with having sold \$60,462.25 worth of War Savings stamps up to Saturday, May 25, which was just two days before the Thrift Stamp drive began. This makes Rush county's per capita sales to that date \$3.20 as compared to \$3.08 the week previous.

It is plain how far behind Rush county is when it is taken into consideration that the year's quota is based on a per capita sale of \$20 and at the end of this month the year will be half gone.

## MUST REGISTER FOR ARMY SERVICE

Continued From Page 1

he believes he is entitled to any. The district board, sitting at Fort Wayne, will act on all appeals and agricultural and industrial claims and registrants will be finally classified when their rulings are received. The registrants will then be placed at the bottom of the list of those liable for military service in the several classes to which they are assigned, under such rules and regulations as the president of the United States may prescribe.

The only exceptions among men becoming twenty-one years of age since June 5 of last year are persons in the military and naval services of the United States, which includes all officers and enlisted men of the regular army, the navy, the marine corps and the national guard and naval militia, while in the service of the United States, and officers in the officers reserve corps and enlisted men in the enlisted reserve corps while in active service.

## Busy Business Man

Science Helps Them Out After Recklessly Abusing The Stomach

The most reckless man in regard to health is the busy business man. At noon he rushes out for a bite to eat. He bolts his food without proper mastication, and heaps on his stomach an extra burden greater than it is able to carry without breaking down.

His overworked stomach is crying for help; it appeals to him for relief in various ways: Expulsion of sour gas, waterbrash, sour taste in mouth, heaviness after eating, shortness of breath, bad breath, etc.

One Mi-o-na tablet taken with or after each meal will help any sufferer from dyspepsia wonderfully. It aids the stomach in the work of digestion which it must perform.

Mi-o-na tablets are sold by Johnson's Drug Store with a rigid guarantee to overcome dyspepsia and all stomach troubles, or money back. They make eating a pleasure.

Mi-o-na cleanses and purifies the stomach and bowels and puts vigor and strength into the overworked tissues. It is the surest stomach tonic in the world.

Sold by leading druggists everywhere. (Adv.)

—Mr. and Mrs. Vincent Hinchman and daughter, Mrs. Charles Anderson of Blair, Nebraska and Mrs. Nancy Adams of Greenfield are visiting Miss Bessie Morris and James Norris at their home, north of the city.

## ONE MEMBER OF 1913 CLASS TO GET MEDAL

Elizabeth Millis of Anderson Township Is Only Eight Year Graduate to Qualify

COMMENCEMENT IS TOMORROW

At the annual Educational exercises which will be held tomorrow afternoon in the auditorium of the Graham Annex one hundred and forty-two graduates of the common schools through the county will receive diplomas.

The graduates from the twelve townships are asked to meet in the assembly room of the court house at 1:30 from where they will proceed in a body to the auditorium where the exercises will begin promptly at two o'clock.

An unusual feature of the commencement exercises will be the awarding of two gold medals for perfect attendance during the eight years spent in the completion of the common school work. Miss Elizabeth Carolyn Millis of Anderson township has the distinction of being the only graduate of this year's class whose attendance both in regard to days absent and tardies has been perfect. A medal carrying the same distinction will be awarded to Earl Anderson of Posey township who was graduated last year but because of a misunderstanding, the medal was not awarded at that time.

The Rev. C. W. Whitman of Seymour will deliver the commencement address after which the diplomas will be distributed by C. M. George, county superintendent of schools. A musical program will be furnished as a prelude to the exercises.

—M. M. Coyne of Indianapolis is spending a few days in this city, the guest of relatives.

—Mr. and Mrs. Edward Frazee and Miss Phyllis Casady spent the day with friends in Indianapolis.

—Miss Lucile Linn has gone to Connersville where she has taken a position as pianist at the Auditorium.

—M. L. Pratt and son John have returned from a few days' visit with relatives and friends in Kokomo and Elwood.

—Miss Marguerite Wolcott has returned to Indiana university to finish the term, after spending the week-end with her parents in this city.

—Miss Henrietta Buchit of Indianapolis arrived today to attend the Coyne-Talbert wedding tomorrow morning and will spend the remainder of the week in this city, the guest of Miss Marcella Coyne.

## MEETS TO ACT ON TWO RESIGNATIONS

Indiana Presbytery of United Presbyterian Church in Session Here Today

THE MILROY PASTOR RESIGNS

A called meeting of the Indiana Presbytery of the United Presbyterian church was held this afternoon at the First United Presbyterian church in this city for the purpose of acting on the resignations of the Rev. Fred Elliott of the Springhill church and the Rev. Willard Wylie of the Milroy church. Each church in the Presbytery was expected to be represented by the pastor and one elder, but because of it being a called meeting, there was some doubt about whether all of the

## WOMEN'S MEETING TO OPEN TONIGHT

Delegates From All Societies in Connersville District Are Here For Convention

NUMBERS ON THE PROGRAM

Olivia G. Dunlap, National Field Secretary of Home Missionary Society Speaks Tonight

The initial session of the annual convention at which scores of delegates and visitors from the various auxiliaries of the Methodist Women's Home Missionary society of the Connersville district will participate will be held tonight in the St. Paul's Methodist church.

After the Queen Esther round table and luncheon at which the delegates will be entertained, the evening's program will open at 7:30 and will be in the form of a welcome to the visitors. Mrs. John Jordan who is president of the local missionary society, will deliver the address of welcome, which will be responded to by Mrs. Fred Miller of Connersville.

The address of the evening will be delivered by Miss Olivia G. Dunlap who is national field secretary of the organization. The fact that Miss Dunlap appears on the program has been a great drawing card for the convention and delegations from every auxiliary in the district will be in attendance this evening to hear the address of the famous missionary worker.

A musical program under the direction of Miss Dorothy Sparks, Mrs. George Hogsett and Miss Mary Louise Bliss will be given and the devotionals will be led by the Rev. Clyde S. Black, pastor. Young Peoples work will be discussed by the conference secretary, Mrs. A. C. Haven, after which the singing of the "Star Spangled Banner" and benediction will close the session.

Tomorrow's meetings will begin promptly at nine o'clock with devotional exercises led by Mrs. F. B. Clark, conference president, and reports of the auxiliaries, the Queen Esther Circle, the children's work, the department secretaries and the treasurer will be given by Mrs. W. M. Crist of Brookville, secretary of the district. Mrs. Charles Mcnamir of Connersville, Mrs. Grace French of Shelbyville and Mrs. G. E. Bennett of Brookville.

"What Women of the W. H. M. S. Should Know," will be the subject of the address by Mrs. Alfred Stratford of Indianapolis who is the conference corresponding secretary. The morning session will be closed by the election of officers. The closing session of the meeting will be held in the afternoon when addresses by the various district and conference officers will be made. Mrs. Raymond Hargrove of this city, who is district president of the organization, will preside at the meeting.

## Theda Bara at the Gem

Theda Bara is appearing in "The Rose of Blood," at the Gem today, which is based on the Russian revolution. The photodrama depicts, in very graphic fashion the downfall of the Romanoff dynasty. It shows how Russia was undermined by the ruling class and how the hatred of the people for autocracy was aroused. Russian intrigue and plotting, the sinister plots and counterplots are all shown as a ground work for the overthrow of despotism and the ultimate emancipation of a downtrodden people.

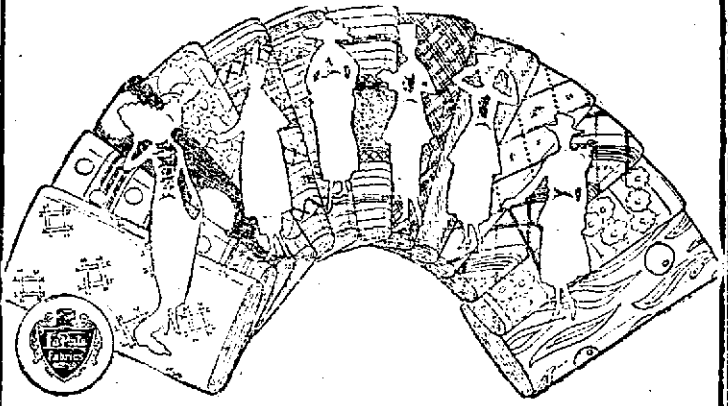

## "Flare-up Sal" at Princess

Dorothy Dalton will be seen in "Flare-up Sal" a story of romance and adventure, at the Princess theater tonight. Tomorrow Clara Kimball Young is coming in "The House of Glass," an extraordinary film play in which she is supported by her own company. Thursday, George Bebean will be seen in "One More American." The famous feature, "The Kaiser, the Beast of Berlin," is advertised to appear at the Princess next Monday and Tuesday.

churches would be represented.

The Rev. Mr. Elliott has accepted a call from the first church at Mansfield, Ohio, and the Rev. Mr. Wylie has accepted a call from the church at Reindeer, Iowa. The Rev. Mr. Wylie will not leave for a month or so, but the Rev. Mr. Elliott expects to depart to take up his new work soon.

You Will Find at Casady's the Fabric You Want at the Price You Wish to Pay.

## To the Woman Who Sews

Every woman who does her own sewing knows the pleasure that comes from handling well woven, dainty materials. There is embodied in her the joy of creation—the spirit of independence that causes her to forsake the beaten and straight-lined lines of the ready-to-wear clothes and bring out her own personality through individual designs and ideals.

To all such, we invite an inspection of our new Spring showing of

## LaPorte Wash Goods, Dress Goods and Silks

We know you will be delighted with the variety of ideas represented in our comprehensive assortment—a showing that is truly remarkable considering the fact that distinctive patterns, a wide selection of colors and weaves, is very hard to obtain at the present time.

Our showing of silks is one that will captivate you on sight. The Military influence is strongly felt in the shades and designs and the effects are startlingly beautiful.

Our Wash Goods display marks a high point in economical buying. We urge your early visit to our Dress Goods Counters in order that you may be among these favored with a choice in both design, color and material.

## Doctors Advise Spring Tonics

Say There Is Nothing Equals Iron and Phosphates

Experienced Doctors claim that everyone should take a good tonic in the Spring, that during the cold winter months we all eat too much meat, fats, heavy foods and to little fresh vegetables, that the entire system is clogged up, over loaded and over-worked, causing thin, impure watery blood and that tired, nervous feeling, pimples and bad complexion.

Home doctors all over the land have found and are recommending and prescribing phosphates and iron as their spring tonic for the blood and nerves, they say it removes all impurities, unclogs the channels and sends the rich, red life-giving blood through the veins, renewing health, strength and nerve force as nothing else will.

If you are all in, run down, fagged out and your nerves all shot to pieces and the joy gone from life, take Phosphated Iron, the red blood and nerve builder. It will make a new man or woman of you, make you feel like doing things again, renews that youthful feeling, you can almost feel yourself coming back. Take Phosphated Iron today, it has helped thousands and will not disappoint you.

To insure physicians and their patients getting the genuine Phosphated Iron it is put up in capsules only, do not allow dealers to give you pills or tablets. Insist on capsules, T. T. MAN & WILSON and leading druggists everywhere, Rushville, Ind. (Adv.)

### Releasing Transportation

We have seen the question of freight transportation discussed in the papers as a most important one. We know theoretically that Uncle Sam needs every possible cubic foot of freight car space to carry to the seaboard wheat, sugar, meat, army clothing, artillery, munitions, and an infinite number of other essentials. When the railroads have brought these to the seaboard, every possible cubic foot of seagoing freighters is needed to carry them abroad for the use of our army and the use of our allies. All this we realize, but without the feeling that it has any personal application to ourselves. If we look into the matter more closely, however, we will find that we can do a good deal to help Uncle Sam out and forward his plans.

All freightcar space that we can save from our own needs can be utilized directly for the purposes of the country. If we can eat foods that are grown in our own locality a certain amount of car space is released. This can be used in carrying commodities to the seaboard or in bringing fuel or material to factories which are doing work for the government. If in purchasing we can select goods made in a near locality in preference to a distant one we are releasing ship space. An instance recently given to the public will show this. Makers of candy and ice cream have been required for some months to lessen their consumption of sugar 20 percent. Mr. Hoover tells us that this reduction has released 50,000 tons of shipping for the use of the government. The shipping so freed has been used partly in carrying wheat to Belgium and partly in carrying coal to New England factories which produce war goods.

Let it become one of your wartime principles to use home products and local products toward your needs wherever possible. The transportation space saved by an individual or a family is necessarily small, but as in all kinds of conservation it is the aggregate which counts. You will feel satisfaction in the knowledge that you are doing your best in your individual capacity toward helping out the government and meeting its needs.

### Let Us Have the Facts

The operation of German submarines of the cruiser type in American waters discloses that the lurid stories of war fund campaign orators depicting the actual danger to America right now were no fanciful

### For Itching Torture

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy. Any druggist can supply you with zemo, which generally overcomes all skin diseases. Acne, eczema, itch, pimples, rashes, blackheads, in most cases give way to zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins.

The E. W. Rose Co., Cleveland, O.

fallacies of overworked minds. They were all possibilities, as the most recent German sea offensive has proved.

Instead of doing any damage to the American cause, the German U-boats, by their attacks on American merchant ships engaged in the coast trade, will only serve to bring home to the American people as never before that we are at war with a dangerous foe and that invasion of America by a Hun army is no idle dream.

Press dispatches report that American destroyers were soon scouring the water at the scenes of the sinkings in an effort to destroy the enemy undersea craft. The navy department will make a grave mistake if it follows the same policy that it has with regard to the work of the American navy in European waters. The department has maintained the deepest silence about the accomplishments of our destroyers and submarine chasers in the war zone, but the people of America want to know now what if anything is done in reprisal. Furthermore, they are entitled to know what American coast patrol has accomplished in its efforts to avenge the loss of our own vessels right under our very nose.

The German submarines have taught the most optimistic American that the war is no longer three thousand miles away, but that it is at our doors and that every effort must be extended to help America's armed forces whip the Hun as soon as possible.

### Necessities Vs. Luxuries

Our people have a saying, which has become current, that the luxuries of one generation are the necessities of the next. And really we seem to have practiced just such a system of evolution. Our people are shining examples of the truth that extravagance breeds extravagance. We of this generation listen to old people as they describe conditions of their day, and we wonder how they managed to render life at all endurable.

Yet these same old people, in their day, enjoyed life to the full. They did not consider themselves in any sense objects of pity. They lived simple, wholesome lives, and the wisdom of their mode of life is amply demonstrated by the mere fact that they, the exponents of this simple frugal life, are yet with us to bear testimony to its merits.

There is great need that, in many respects, we revert to the frugal life of our ancestors. True, in many matters their luxuries have really become our necessities and are no more an extravagance that were their simple luxuries. But we have added unnecessarily to these luxuries. It is these we are called upon to forego.

Mark well the man or woman who continues the extravagance of former years. Their patriotism is of a purely negative quality. Henceforth, until this war is won, extravagance and disloyalty are going to become almost synonymous terms.

And even then our frugality will be worthless unless it be practiced in the name of the cause, and the results applied to the cause.

When Rose Pastor Stokes wrote "The Government is for the profiteers and not for the people," she had forgotten that this is a "government of the people, by the people and for the people." She will later have leisure to remember it—in Heaven's worth.

It seemed to require a great many hands and numerous parades to sell the liberty bonds and secure Red Cross subscriptions. But the end justified the means.

Ex-presidents Taft and Roosevelt have met and buried the hatchet. Teddy can spare the hatchet conveniently as long as he retains the big stick.

Khaki and navy blue are the only wear, and the road leading east is the traveled way. It is a long road. For it ends in Berlin.

"Work or fight" is the command. We have all seen people who can do both at once. Which should they give up?

Potatoes may be baked, boiled, stewed or fried. The only essential point is that they should be eaten.

—Miss Helen Dwyre of London, O., arrived today for a visit with Mr. and Mrs. Isaac Talbot of Morristown and friends in this city.

### Says It Acted Like a Charm

Coughs, colds, croup, throat or bronchial troubles which persist at this time of the year usually are of an obstinate character. That is all the more reason why a truly reliable

remedy like Foley's Honey and Tar Compound should be used. Mrs. Margaret Smale, Bishop, Calif., writes: "Foley's Honey and Tar is a grand remedy; more than is claimed for it. I was suffering from a

cold last week and used the medicine and it acted like a charm." Contains no opiates. F. B. Johnson, Adv.

## VOCATIONAL ACT UP TO STATE BOARD

Task is Becoming an Individual Responsibility to the School Cities of Indiana

DRIVE IN PUBLIC SCHOOLS

Despite Schools Through State Are Closing for Summer Vocational Work Will Continue

Indianapolis, Ind., June 4.—An all year contract for the continuation of vocational education as an emergency war measure, has been put up to the Indiana state board for vocational education by the federal board representing the wishes of the department. The task becomes an individual responsibility with the school cities of Indiana, particularly those in towns of 5,000 or more population.

The war program involves the undertaking of an immediate drive through the public schools of the state for training conscripted men in even schools for radio and buzzer war service work. The matter has been laid before the Indiana State Council of Defense which approved a plan of continuing school work during the vacation period, in recognition of its importance and the pressing demand for trained men that has come from the military establishment.

Notwithstanding that many of the state schools have closed for the summer vacation and others will close in a few days, it is the purpose of J. G. Collicott who is in charge of the vocational educational work in Indiana, to insist that schools wherein courses have already been inaugurated continue their work and where there has been no effort made to comply with the government's request that arrangements so to do be perfected at once. Mr. Collicott points out that the federal government shares the expense incident to this work and that it is a patriotic duty for local school organizations to see that the men of their communities have this training and greater opportunity to be of immediate service in the war.

Notwithstanding the sacrifices involved in the part of educators and the expense Mr. Collicott insists that Indiana's reputation for being a leader in war work demands that this feature of the program be given prompt and effective attention. The calls from the war department, he says, are urgent and very insistent and that evidence of the importance attached to the work is to be found in the willingness—the anxiety, in fact—of the federal government to pay up one-half of the total cost contracted by any city school board.

## TRAVELERS ASKED TO SUBMIT PICTURES

Rush County Residents Possessing Photos of War-Ridden Countries Requested for Donations

WAR DEPARTMENT REQUEST

Another request has been sent out to Rush county residents by the war department: this time however, the request is sent out to that portion of the county residents who have traveled in Europe and possess photographs of interest.

The War Department desires photographs, drawings, and descriptions of bridges, buildings, towns, and localities now occupied by the German forces in France, Belgium, and Luxembourg, and likewise in that part of Germany lying west of the line running north and south through Hamburg.

At the request of the War Department, the State Council of Defense asks you to secure all possible material of this character. A large quantity of material is desired and may be sent without sorting or without any attempt to avoid duplication. It will not be practicable to return the material to the contributors.

All such material should be sent by parcel post or express to Col. A. B. Cox, 1156 Fifteenth street, Washington, D. C.

## ALL DEALERS MUST SECURE LICENSES

All Retailers And Country Grocers Must Qualify as Egg and Poultry Dealers

DEALERS MUST CANDLE EGGS

The Sale of Bad Eggs is a Violation of State Law, According to State Administrator

Announcement is made today by the United States food administration that the requirement of licenses for all egg and poultry dealers, includes all retail and country grocers and all hawksters who buy eggs from farmers for sale to shippers or commission men, Dr. Harry E. Barnard, federal food administrator for Indiana, today advised county food administrators to see to it that all such dealers secure licenses from the License Division, Law Department, U. S. Food Administration, immediately or suffer themselves to be put out of business.

Dr. Barnard further advises county administrators that by an agreement between the U. S. Department of Agriculture and the Food administration all dealers must candle eggs, which when shipped must contain a signed certificate bearing the license number, the name of the candler and date when candled. Wholesale egg dealers will not be permitted to buy eggs from unlicensed dealers, nor will case eggs be subject to consignment without certificate. Certificates are being printed for distribution by the secretary of the Indiana Egg Dealers' association.

The sale of bad eggs, Dr. Barnard points out, is furthermore a violation of the state laws. For that reason and for the protection of the license, without which none can do business legally, it behooves farmers to exercise extraordinary care in the quality of their offerings.

Inspectors of weights and measures in Indiana have been directed by Dr. Harry E. Barnard as head of the food and drug division, of the state government, to devote themselves exclusively, if necessary, to the inspection of grain scales, during the month of June. This is in order to guarantee to producers of wheat a square deal when they have harvested their 1918 crop.

## WILL APPEAR FOR THE FIRST TIME TOMORROW

Miss Mary Louise Poe Will Make Debut on Chautauqua Platform at Winfield, Iowa

WITH JESSE PUGH COMPANY

Miss Mary Louise Poe, daughter of Mr. and Mrs. Jesse Poe of this city, who recently completed her studies in the Kansas City conservatory, will make her first appearance on the Redpath chautauqua platform tomorrow.

The young soprano who is one of Rushville's most accomplished musicians has displayed unusual talent both as a vocalist and pianist and her appearances in this city during her studies has made her a most popular performer here. Miss Poe has contracted with the Jesse Pugh company for chautauqua appearances during the summer and her first appearance will be in Winfield, Iowa, tomorrow.

Rayburn Kelso, deputy auditor, is seriously ill again at his home in this city, after having apparently almost recovered.

### Rheumatic and Kidney Ills.

Are you troubled with rheumatism, kidney or bladder affections? Any such symptoms as swollen muscles or joints, backache, headache, dizziness, nervousness, played-out feeling, urinary irregularity, puffiness under the eyes? You need Foley's Kidney Pills. Mrs. Frank P. Woods, R. F. D. 2, Morrill, Maine, writes: "I found relief as soon as I began taking Foley Kidney Pills. My husband also received much benefit from them. He was so lame he could not stoop over; now he feels no pain." K. B. Johnson—Adv.

# SURE RELIEF FOR A BAD STOMACH

Thousands Speak Highest Praise for H. L. Kramer's Discovery Eatonic

Go where you will, in city, town or country, and you will hear people talking about H. L. Kramer's latest success, EATONIC, the wonderful new relief for indigestion and all stomach distress after eating. Druggists say that in EATONIC, Mr. Kramer has even a greater preparation than Cascarets, which he originated years ago.

This, of course, is a subject that comes home to practically everyone. Very few people, indeed, are entirely free from stomach misery in some form. The man or woman, who has never experienced the dull, "lumpy" feeling of distress that results from a heavy meal, is surely the rare exception. And it is, therefore, not a matter for wonder that EATONIC is universally hailed with gratitude as a great deliverance.

EATONIC is a scientific preparation carefully thought out, for the purpose of neutralizing the excess acids that produce stomach miseries. EATONIC acts almost instantly. You eat a tablet after meals—distress quickly disappears—stomach be-

comes "sweet"—no gas or bloat—no belching and repeating of bitter, half-digested food.

H. L. Kramer, originator of EATONIC, says:

"I am proud of EATONIC. The remarkable results already proved in tens of thousands of cases are my ample reward for the hard work I have devoted to the bringing out of EATONIC. Now I have the greatest satisfaction of knowing—absolutely—that EATONIC will do everything that I planned for it to do."

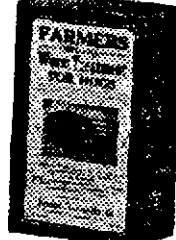

"I strongly urge every man and woman with a bad digestion to try EATONIC at once on my advice. I state positively with all the emphasis and sincerity at my command that it is now no longer necessary for any one to endure the miseries and discomforts of a weak, ailing stomach."

Just one large 50c box of EATONIC will prove that I am right. Get it from your druggist today and if it is not entirely satisfactory he will refund your money."

## GET RID OF THE HOG WORMS Stop Your Hog Losses Now

Use Standard Farmers Reliable Worm Treatment

IT POSITIVELY GETS THE WORMS, THUS PREVENTING 90% OF ALL YOUR HOG TROUBLES.

It contains SANTONIN, the absolutely sure worm expeller. Other ingredients are used to offset the bad effects of SANTONIN, used alone, and to make the worm powder more effective.

It costs only 87c to treat a shoat. Is as easy to give as the feed and is just as necessary.

SANTONIN comes from Russia and is scarce and the price is advancing. Get your supply of Farmers Reliable Worm Treatment now before it is too late.

Farmers Reliable Worm Treatment is put up in 1-lb. packages only. A pound treats 30 shoats or 60 little pigs.

## Rheumatic Knockers Now Boosters

All Loud in Praise of "Neutrone Prescription 99"

They all say "it does beat the Dutch" how quick "Neutrone Prescription 99" got rid of that Rheumatism. It's almost magic. "Neutrone Prescription 99" gets all forms of Rheumatism every time as sure as the sun rises. The first few doses show results. Those horrible Rheumatic pains stop, those poor inflamed joints go down, and oh! what a blessed relief. Ever try anything like that? Well, it's true. There's no more fiery, vile-smelling liniments, just a good clean internal remedy that purifies the blood, drives all impurities out of the system—makes you feel like new, like doing things. Don't delay, get a bottle today and your troubles are over. 50c and \$1.

PITMAN & WILSON and leading druggists everywhere. Rushville, Ind.—(Adv.)

## A PUFF AND A BLOW.

In a Little While a Pain. Same Misery. No Relief Till Pepsinco is Found. Moral—Keep Pepsinco on the Table and Take After the Meal.

Pepsinco never fails to give almost instant relief in indigestion, dyspepsia, sour stomach, bloating, sick headache. Thousands of satisfied users will vouch for Pepsinco, simply because it is always ready.

Pepsinco acts quickly and is safe and sure. It digests perfectly all that is eaten. The stomach is a peculiar organ. It will not allow an overdoing. It cries out when it is worked too hard. It sends a wireless for help and it behooves every one to watch for the sign.

Mr. R. said: "I wouldn't be without Pepsinco, if it costs ten times what it does." He said it keeps him well. Many persons say the same. Pepsinco is a true friend. It is guaranteed to help in every instance when the stomach bothers. All druggists recommend it and sell lots of it.

## HAVE DARK HAIR AND LOOK YOUNG

Nobody can Tell when you Darken Gray, Faded Hair with Sage Tea.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. It's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

**BUY THRIFT STAMPS**  
**BUY THRIFT STAMPS**

Sixty-five guests were entertained Saturday evening at the home of Mr. and Mrs. Jesse Winkler in North Morgan street when they entertained in honor of the golden wedding anniversary of Mr. and Mrs. George Winkler. In keeping with the occasion garlands of old fashioned flowers were used about the home, combined with a profusion of fragrant pink and white roses arranged in wall pockets, vases and french baskets. The rooms in which the guests were entertained were arranged artistically, suggesting a color scheme of pink and green. Baskets of pink roses and trailing simlax were in evidence through the reception rooms and in the dining room where ices and confections were served, the scheme of colors used was gold and white, suggested by the occasion. The ices were in gold and white and the cakes and confections were in old fashioned bridal design.

The feature of the evening was a repetition of the wedding of fifty years ago in which the bride of the mock bridal party wore the gown in which Mrs. Winkler was married. A clever program was given in connection with the entertainment. Mrs. Margaret Winkler read "Old Mau to His Wife," and a musical program was given by the Misses Dora and Edith Winkler.

Mr. and Mrs. T. L. Behler entertained with a birthday dinner, Sunday at their country home near Cartilage, honoring the birthday of Miss Doris Behler. The pink peonies and fragrant white syringa blossoms, attractively arranged in baskets and vases, carried out a color scheme of pink and white which was also suggested in the table appointments. Covers were laid for the following guests who motored from this city: Mr. and Mrs. S. W. Moore, Mrs. Hobart Berry and daughter Alvenc, Miss Lacy Osterling and Edward Berry.

The members of Tri Kappa were delightfully entertained, last night by Mrs. Hubert Linnis at her country home south of the city. During the short business session, the treasurer was authorized to pay to the Red Cross, \$80 which was realized from the sale of quilt blocks. The remainder of the evening was spent in working on the quilt blocks. The next meeting will be with Miss Mary Anderson at her home south of the city.

The members of the Psi Iota Xi sorority have begun selling chances on the two quilts which have been given over to them to raffle off. The quilts which were made by the girls of the sixth grades, and are very attractive in design, may be seen in the Geo. C. Wyatt Co. window. The chances are selling at ten cents each, and all the proceeds will be turned over to the Red Cross.

A special meeting of the Monday Circle was held yesterday afternoon at the home of Mrs. Ralph Payne in North Harrison street for the purpose of distributing the programs for the new year. This meeting marked the close of the Monday Circle year and no program was given as it was called strictly for transacting business.

Mr. and Mrs. John C. Blackledge entertained at their home in North Main street Sunday with a twelve o'clock dinner party. Covers were laid for Mr. and Mrs. E. B. Thomas of this city and Senator and Mrs. James E. Watson and son Joseph of Washington, D. C. In the afternoon the party motored to Shelbyville and attended the memorial service there.

Mr. and Mrs. John Shepler entertained at dinner Sunday. Mr. and Mrs. Frank Shepler and children. Mr. and Mrs. Will Shepler. Mr. and Mrs. Ben Shepler, and Mrs. Ida Innis. In the afternoon the party motored to the home of Charles Baker, south of the city.

The Rev. and Mrs. John T. Aikin entertained at their home in West Seventh street today with a dinner party honoring the Rev. and Mrs. Fred Elliott of Springhill and the Rev. and Mrs. Willard Wylie of Milroy.

Mrs. Nell Ashworth will sing at a recital to be given Friday night in Indianapolis by some of the pupils of Prof. Glen Friermood, vocal instructor.

Twenty members of the Young Ladies Mission Circle of the Main street Christian church were present at the regular meeting held last night at the home of Miss Beth Gronier in North Main street. The program included African Bible study, discussed by Miss Beth Gronier, a paper by Miss Laura Holden, and several talks on the Newcastle convention which was held last week by some of the girls who attended. Following the program, a short business session ensued, when officers for the new year were elected as follows: Miss Grace Billings, president, Miss Gladys Chadwick, vice-president; Miss Wanda Wyatt, treasurer, and Miss Janet Dean, secretary.

## PEOPLES COMPANY ASKS FOR INCREASE

Files Petition For Permission to Charge \$1 For First Thousand Feet of Gas

50 CENTS FOR ALL AFTER THAT

The Peoples Gas company of this city has filed a petition before the Indiana Public Service Commission for an increase in rates. The company asks permission to charge one dollar for the first thousand cubic feet of gas used and fifty cents for every thousand consumed thereafter.

The company is now receiving a flat rate of thirty cents a thousand cubic feet, which was fixed by the commission a few years ago when the company, which had been charging only fifteen cents, asked for an increase to forty cents. The city fought the petition before the commission.

The company sets forth in its present petition that, owing to the high price of coal and the low rate charged for gas, consumers are depleting the gas supply because of the excessive use of it in place of coal.

## RUSHVILLE CHAPTER WELL REPRESENTED

Many Knights of Columbus From Here Attend District Meeting at Greensburg

DISCUSS WAR ACTIVITIES

The Rushville chapter, Knights of Columbus was well represented at the district meeting which was held in Greensburg last night for the discussion of K. of C. war camp work and other war activities.

Representatives from Shelbyville were also in attendance and during the evening a number of interesting addresses were delivered by the visitors concerning the work in the various auxiliaries. Those from this city who attended the meeting were Thomas Cauley, grand knight; the Rev. M. W. Lyons, chaplain; Lieut. Ivan Coyne, John Crawley, John Geraghty, James Mullins, Edward Mullins, William McCoy, William Fitzgerald, James J. Geraghty, Bernard Madden, Michael Cleary, Frank Comella and Thomas Ansberry.

## ENLISTS IN ARMY

John W. Pratt, 18-year-old son of Mr. and Mrs. M. L. Pratt has gone to St. Louis, Mo., having enlisted in the army. He was placed in Company 27, Jefferson Barracks for the present.

Mrs. Clarissa Goddard of West First street is suffering from the effects of a broken hip which she sustained as the result of a fall, Monday. Noah Goddard of Manilla, her son, was called here after the accident.

## SILKS Meet the Appeal of the Moment

Fabrics made for long service were never so desirable as now. No other fabric meets quite so completely the appeal of the moment—the need for economy; the demand for conservation; the desire for style attractiveness.

SILK GINGHAMS—remain in favor—in fact, prophets are not wanting to predict a summer vogue of silk gingham. A beautiful variety of shades and colors—nothing to be found more serviceable.

SILK JERSEYS—in many attractive colors for sport wear—very durable. Now shown in Turquoise Blue, Kelly Green, Beet Red and Geranium.

WASH SATINS—in pink, flesh and white at \$1.25 to \$1.75 a yard.

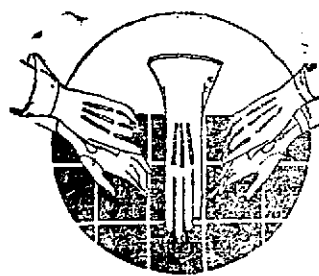

PONGEE SILKS—excellent for service—in navy, black, pongee, duck and blue at \$1.25 a yard.

YO SAN and KHAKI KOOL SILKS—very popular this season—can be worn on any occasion—oyster and pongee at \$2.00 and \$2.53.

GEORGETTE, CREPE DE CHENE—all the wanted shades shown here at popular prices.

TAFFETA SILKS—Belding's and Skinner's all guaranteed 36 in. taffetas in the season's best shades. SILK SHIRTINGS—now extremely popular for men's wear—a fine assortment of patterns at \$1.00, \$1.25 and \$1.50 the yard.

SILK GLOVE SPECIAL

Ladies Two-clasp White Silk Gloves—double tipped fingers—in all sizes—for the week only, a pair at the low price of—75c

NEW UMBRELLAS, PARASOLS AND FANS for the 8th year graduates—be sure to see this new stock.

## MOTHERS DAY IS HONORED AT FRONT

Letter From Raymond Colestock Tells of Observance in Y. M. C. A. Huts Behind Lines

### DECORATE HUTS FOR AFFAIR

Letter Breathes Spirit of Deep Interest in Affairs at Home—Billeted in French Town

"This is your day in France as well as in America," wrote Private Raymond L. Colestock to his mother on the anniversary of Mothers Day which American Sammies in France observed with a sacredness that was the most beautiful tribute of the day.

"The Y" had special services for Mothers Day and the boys attending the exercises realized as never before the true meaning of "Mother." Our hut has been decorated with garlands of flowers and greenery for the evening services at which prominent Y. M. C. A. speakers will deliver addresses.

"Life isn't going so bad with us," continued the cheerful young Sammie. "Although I'm sure that when I do get home again I'll never fuss about anything made in America." You may make all corn bread and cook as many onions as you wish.

"We are billeted in a small French town far back from the noisy front, and the lay of the land here is such that we are extremely well protected. The country here is beautiful and on the fertile farms which are being used to produce, the care takers are already beginning to see the fruits of their early spring labor."

Despite the fact that young Colestock is three thousand miles away, his letter breathes the spirit of deep interest in all the goings-on at home and the everyday happenings which the American-loving youths grasp eagerly—because they come from home.

## AN ACCIDENT IS AVOIDED

I. & C. Car Running Slowly When Auto Stalls in Its Path

The fact that the 420 I. & C. eastbound car was under control and running slowly when it approached the Main street crossing of the track yesterday afternoon, prevented a serious if not fatal accident. Just as Mrs. Joe Amos of east of the city drove her automobile on the track in front of the car, one of the front wheels came off. The motorman stopped the car easily before it reached the machine and an accident was avoided.

## SAVE THE WHEAT TALKS No. 12 Crop May Not Settle Problem Entirely.

The problem may not be closed with the next crop, because we have no way of knowing whether the crop prospects will be good this year. Now is the time to cultivate saving and educate the people in this question.

The bread ration of French soldiers has been cut from 25 to 21 ounces.

French people are on a ration of one-third their usual amount of bread.

—U. S. Food Administration for Indiana.

## ENROLL CITIZENS FOR FARM SERVICE

A. L. Stewart Begins Canvass For Enrollment of Town Residents to Assist in Farm Work

### TO BE PAID AS FARM LABORER

Workers Desired For Harvesting of Crops in Latter Part of June, July and August

Rich man, poor man, beggar man, thief; doctor, lawyer, merchant, chief—all these as well as those who might be listed under different heads will be hunted down and registered for work of various durations on farms by enrolling agent, A. L. Stewart.

"It is a necessity for the entire county to assist in the harvesting of the crops, if our big war harvests are to be successful," declared Mr. Stewart today as he made preliminary preparations to enter into his canvassing campaign in behalf of the farmers who declare they will be unable to take care of their enormous crops unless the entire county lends assistance.

Workers are to be paid the same as all farm laborers receive for the same work and their dinners will be furnished at the farm house on the farm where they are employed. The workers are desired during June, July and August and on the pledge cards, the number of days or hours a week which could be given to farm work, the amount of farming experience, and the efficiency of the signer in handling horses, automobiles, farming machinery and milking cows must be imparted in the information desired by the agricultural board.

Mr. Stewart is beginning an active campaign through the county and expects to make the undertaking a success in Rush, which is one of the foremost farming counties in the state.

## PURDUE UNIVERSITY REAL TRAINING CAMP

Five Hundred Soldiers Are at Present Being Trained Into Special Branches of Service

### TAKEN IN AS RAW RECRUITS

Lafayette, Ind., June 4.—The young man who is interested in military life does not have to go far to study it if he is now a student at Purdue University, for this well known school has recently become a real government training camp which turns raw recruits into full-fledged soldiers. At present, about five hundred of these soldiers are living right on the campus, in the handsome new armory, recently erected. Here the student sees them living happily and energetically, but strictly according to government regulations. The men march to their classes in military order; they patrol the campus, as military police; and they stand guard over the stranger who passes by.

Their work is long and arduous, but they have their time for recreation and study. They have music, games and books in the Y. M. C. A. building; friendly visits with their relatives in the Purdue hostess house and many dances and baseball treats. They have all become loyal Purdue men even though many of them are graduates of other schools. They are always represented at University functions and they add a picturesque and patriotic inspiration to all formal events. When this group of men leaves either for abroad or for other training camps; they will be followed by hundreds of other new recruits who will, in turn, take up their residence at Camp Purdue.

## JERSEY SALE HERE JUNE 12

Sixty Head of Registered Cattle to go Under The Hammer

The annual sale of registered Jersey cattle will be held at the John F. Boyd farm in Circleville Wednesday, June 12. The sale is given each year by Mr. Boyd and W. S. Dixon, of Brandon, Wis. Sixty head will be sold at auction by Col. D. L. Perry, the famous auctioneer who has been here on a number of occasions. Erdenheim Distinction, a bull which will be splendid for show purposes, is expected to bring the banner price of the sale. The Ladies Aid society of the First Presbyterian church will serve lunch at the sale.

# Kyanize

## White Enamel

Every woman who loves the shining velvety whiteness of enamelled woodwork and furniture should know about Kyanize White Enamel.

It is liquid brightness. The lustrous porcelain-like finish it gives to wood, metal or plaster is like the sunlight on the snow.

Best of all, the beauty of Kyanize is enduring. It laughs at wear, weather and wet. In fact, water is good for it.

The Kyanize Line of  
Finishes and Enamels

Kyanize is guaranteed not to chip, peel, crack — easily applied — dries with a beautiful, durable, sanitary surface — and is readily cleaned with a damp cloth. Architects specify Kyanize for the finest homes as well as hospitals and public buildings.

## SMUT THREATENS TO RUIN NEW WHEAT CROP

Attempt is Being Made to List Fields Free From Taint For Seeding Purposes

### METHOD OF TREATING SEED

County agent Marion Detrick is taking steps to overcome the danger of great loss which threatens Rush county's wheat crop in the form of wheat smut.

An effort is being made to get the fields which are absolutely free from the taint, listed with the county agent in order that there might be a distribution of this wheat for seeding purposes thus reducing the smut enemy next year. The methods of treating seed wheat for loose smut are difficult to perform as well as unsatisfactory in their results. It is therefore preferable to sow only seed that is free from smut before being treated.

Mr. Detrick is making an appeal to farmers, asking them to examine their wheat carefully and report fields which are entirely without this blight.

## NEWEST WORK IN MOBILE HOSPITAL

Fifty Nurses in Each Unit Band Themselves Together and go to Front For Humanity Sake

### COMPOSED OF FIVE SECTIONS

Army Nurse Corps Largest Group of Women in Uniform Forming a Part of War Machine

In the manner of a caravaner, prepared to sleep by the roadside or dine by a trailer kitchen under the blue sky to the music of heavy artillery, the nurse assigned to duty with the U. S. Mobile Hospital Unit is going on her errand of humanity towards the front. This is the newest phase of the work of the U. S. Army Corps, according to Miss Dora E. Thompson who has been the Chief of this branch of service for fifteen years. The 50 nurses of each Mobile Hospital Unit are to have the field equipment of officers including bedding rolls, army cots, and the aluminum mess kits with the "frying pan" plates, pint cups and metal "tools." They will be prepared to camp for the night or for the week beside the miniature hospital on wheels, to remain until, like soldiers, they are ordered elsewhere.

These units are described by Captain J. P. Voder of the Army Medical Department as each being composed of five sections. A staff of ten nurses will accompany each section. Motor trucks and trailers can be transformed within two hours, he estimates, into an operating room complete in every detail from a sterilization plant to an X-ray photograph room. The purpose, he says is "to bring the operating room to the wounded man." And when that operating room is brought the ten nurses come also. A section supplements an Evacuation Hospital or acts for such an institution and may be within five miles of the firing line. This is the fourth "mercy station" from the front. First there is a Regimental First Aid Station, then the Dressing Station, the Field Hospital, the Evacuation Hospital or the Mobile Hospital, and finally the Base Hospital.

The Army Nurse Corps is the largest group of women in uniform and forming part of the war machine. Today Miss Thompson estimates the enrollment at 10,000 and anticipates a total enrollment of 24,000 women before the end of this year. When war was declared in April, 1917, the Army Nurse Corps was limited to 270 members with a Reserve Corps in which 170 were enrolled. From the Red Cross lists, Miss Thompson says 8556 have been recruited. As in the ranks of the Navy Nurse Corps the nurse who joins the force through the channel of the Red Cross is given the privilege of retaining the blood red emblem upon her cap. At every training camp, at every point of embarkation, there are white-uniformed nurses to take care of the soldiers. There are 3,000 in service abroad. Miss Thompson, as she gives the statistics of the bureau, also keeps before her a copy of the recent recommendation of General Pershing that, after six months of foreign duty, a nurse be awarded the war service chevrons, the gold band on the lower part of the left sleeve. One would be awarded for each six months of service.

The health of the enlisted man and his care before and after an engagement are not the only obligations of the Army Nurse. There is another army, a most important army of 20,000 civilians employed in Government offices in Washington, D. C. So that there may be no loss through lagging caused by ill health. An Army Dispensary has been opened for them alone. Here Miss I. L. Strong directs the work of twenty-four Army Nurses serving as district nurses. They average from sixty to seventy home visits a day and assist in the care of an average of 243 civilian visitors at the Dispensary daily.

### CLYDE OSBORNE IN FRANCE

Word has been received by Mrs. Lillian Osborne in West First street that her son, Clyde Osborne, who enlisted in the navy in 1915, has arrived safely in France. He is a wireless operator with the U. S. S. Sonoma, and embarked for France, May 11.

# Furniture

The Gift  
Appropriate  
for  
June  
Weddings

## This---The Year of Years to Give Furniture

Because it's sensible, it's useful—it's an investment for the home.

Those young people who are to be married in June should select their furniture now.

Here they'll find a large stock, carefully selected suites for the dining, bed and living rooms, beautifully designed to carry out that individuality that should be expressed in every home—and moderately priced within reach of every purse.

A store service willing to assist in every possible way.

Why not come down and get the ideas of just what you want? It will be a pleasure to show you.
